DETAILED ACTION

1. Receipt is acknowledged of the amendment filed on August 23, 2005, which has been fully considered in this action.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-27 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Nally Jr. '065.

Nally Jr. '065 shows a fuel injector with a metering orifice disc comprising all the featured elements of the instant invention, note first facet 54/72, second facet 56/74 and third facet 58/60/70. See Figures 2, 6 and 9-11. Note it discloses both inverted and non-inverted positions for the metering orifice disc.

Response to Arguments

4. Applicant's arguments filed August 23, 2005 have been fully considered but they are not persuasive.

In response to applicant's arguments that Nally '065 is silent to "angling the through-orifices with respect to the walls", note that such a feature is not recited in the rejected claims.

Art Unit: 3752

As to no teaching or suggestion of flow targeting, such a recitation is not given any patentable weight since it appears in the preamble and Nally '06 is capable of performing applicant's intended use.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
